**English**

C/ Playa de las Américas 3  
28230 Las Rozas de Madrid  
916302610 Fax 916302611

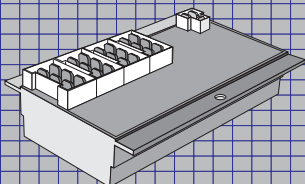

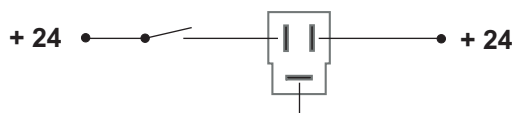

**--- Renecha ---**

**505021**

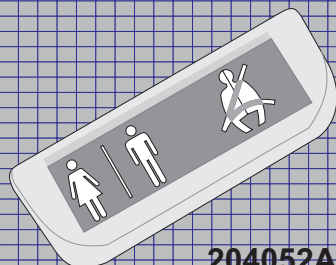

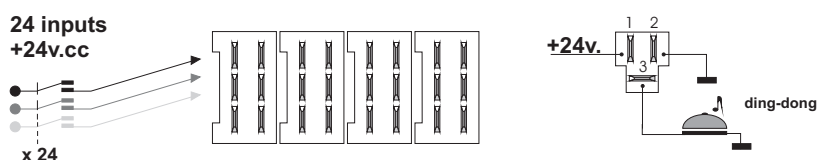

505021  
Magnetic Clock (To be placed behind glass)

**693011**

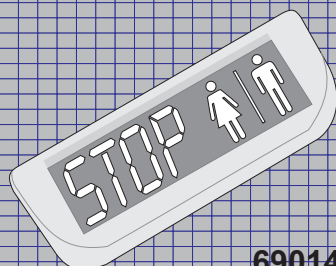

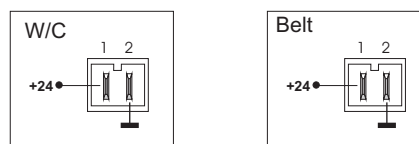

693011  
Clock (To be placed on the roof of the bus)

**803031**

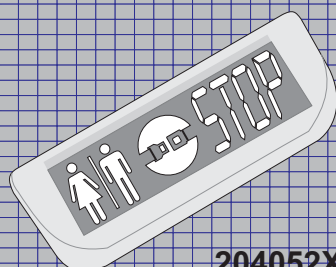

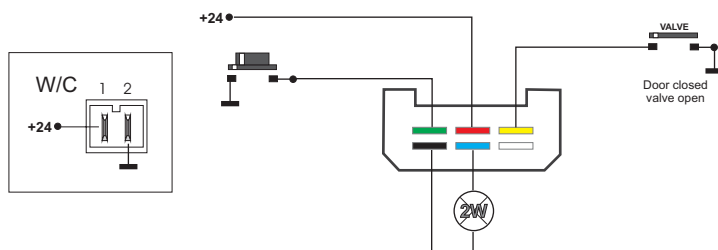

803031  
Azafata 24 alarm inputs

**204052AZ**

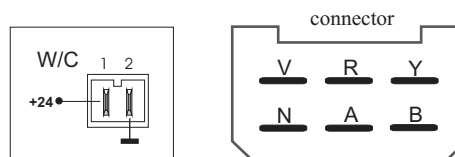

204052AZ  
SEAT BELT & W / C (performs both functions)

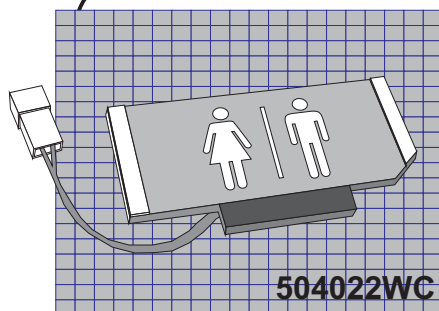

**690142**

690142  
Stop & W / C. (Stopping text STOP + W / C)

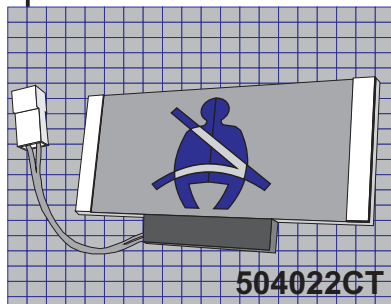

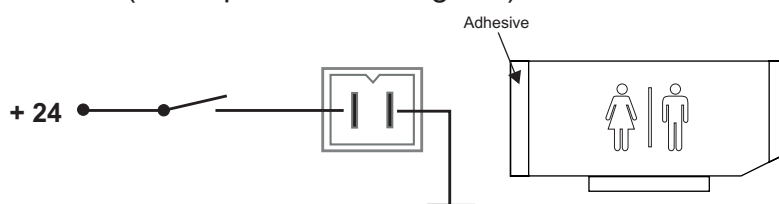

**204052X3**

204052X3  
STOP + BELT + W / C (performs all three functions)

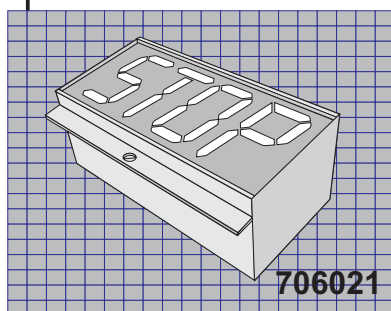

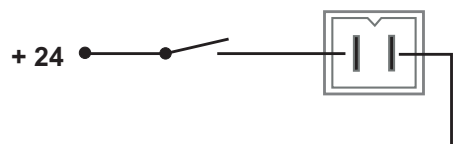

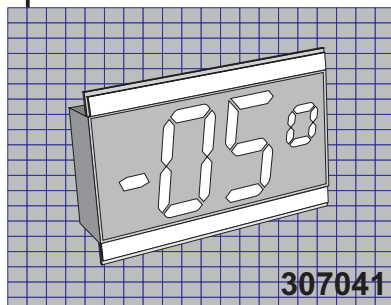

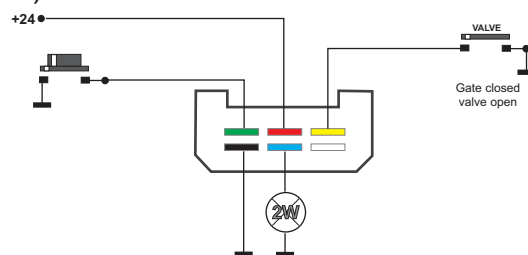

**504022WC**  
Bright W / C (To be placed behind glass)

**504022CT**  
Bright belt (to be placed behind glass)

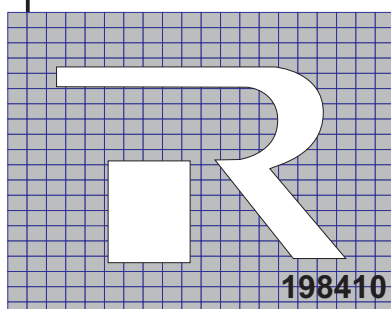

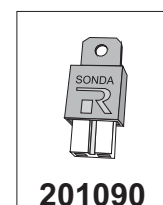

**706021**  
Ringto (for behind glass)

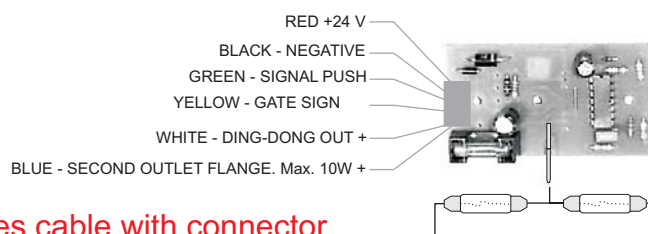

**307041**  
Thermometer Module (For behind glass)

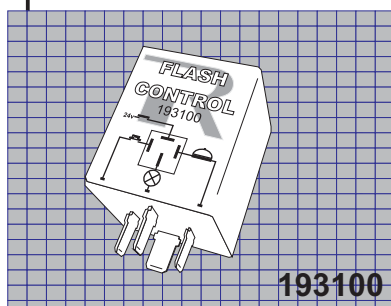

*Replaced by DCA\_TV*

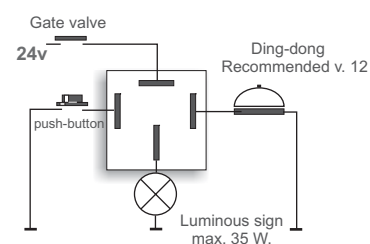

**198410**  
Stopping plate to introduce ceiling light

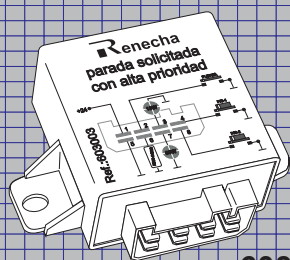

*Includes cable with connector*

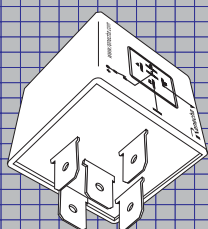

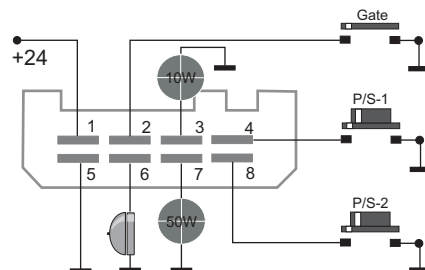

**193100**  
Flash Control  
Stop Requested

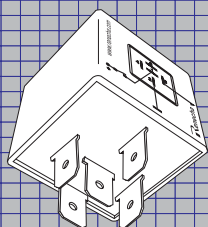

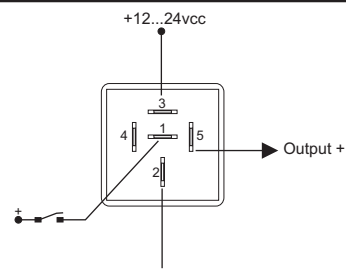

**603003**

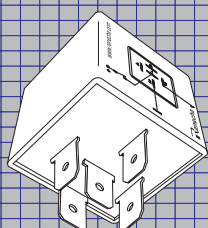

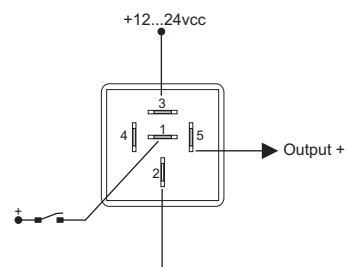

**603003**  
Requested to Stop High  
Priority, button, light door

**709042-1H**

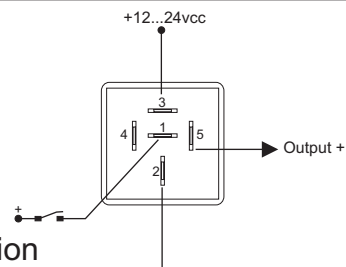

**709042-1H**  
One hour delay timer  
term

**709042-30M**

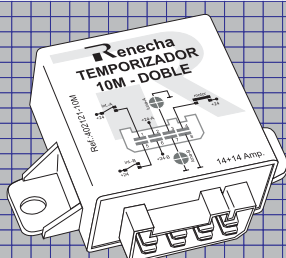

**709042-30M**  
Thirty minute delay timer  
minutes

**807081-8SR**

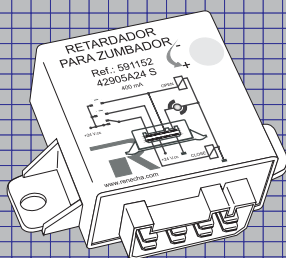

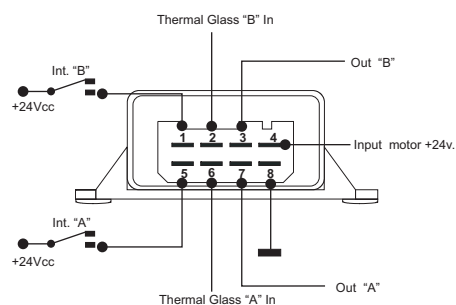

**807081-8-S-R**  
8 second delay timer  
with Reset

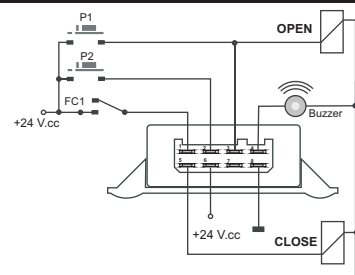

Multiple models and forms of action

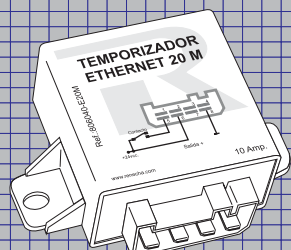

**402121**

**402121**  
Timer 10 minutes  
for 2 Thermal glass

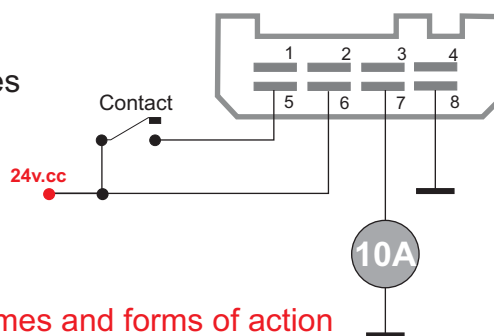

**591152**

**591152**  
Retardant gate  
(Sounds a buzzer  
before closing)  
(Adjustable)

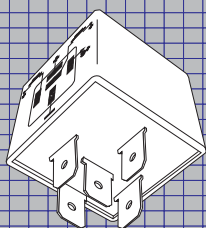

**806040-E20M**

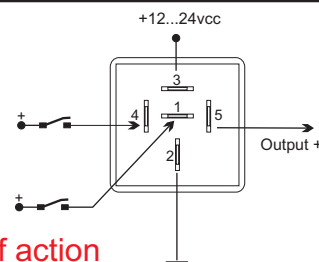

806040-E20M  
Delay timer 20 minutes  
Ethernet

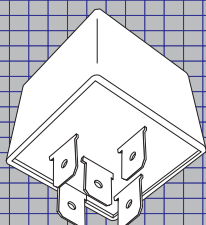

You can programme times and forms of action

**701170**

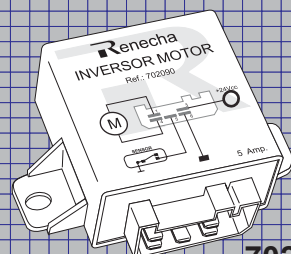

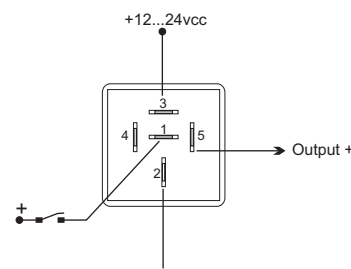

701170  
Timer 8 seconds  
Two input

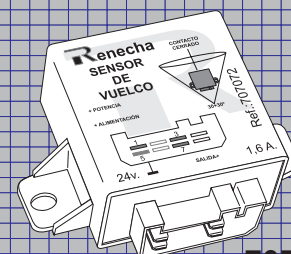

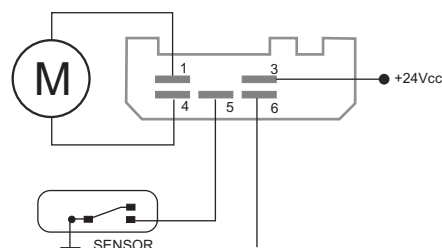

You can programme times and forms of action

**705092**

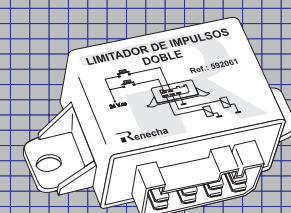

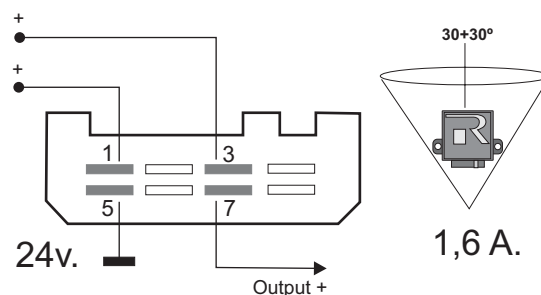

705092  
Timer handbrake

**702090**

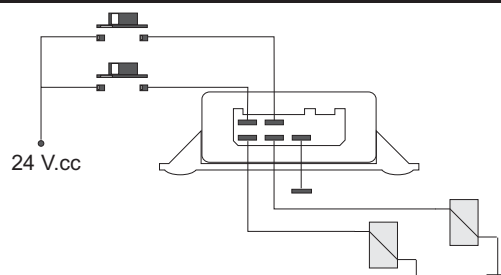

702090  
reverses the rotation  
of a motor (to 5A)  
sensor used to dump

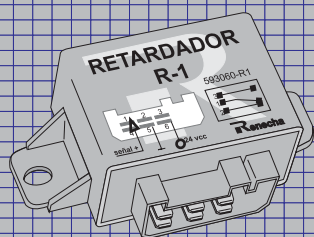

**707072**

707072  
Sensor Dump  
Outage if  
slopes over 30 °  
(omni)

**592061**

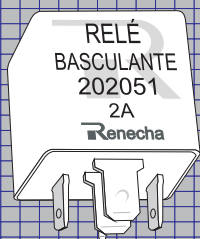

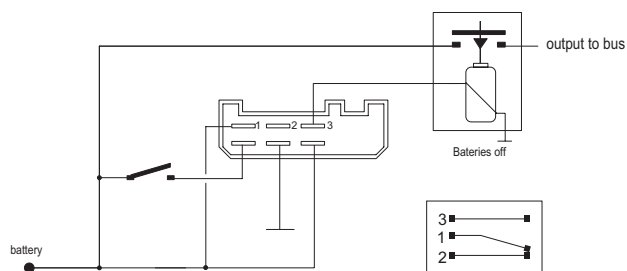

592061  
Pulse Limiter  
double (pulse Limits  
output 1 sec.)

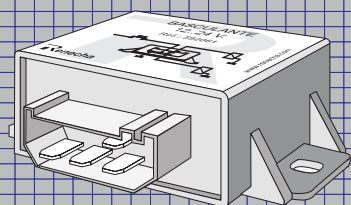

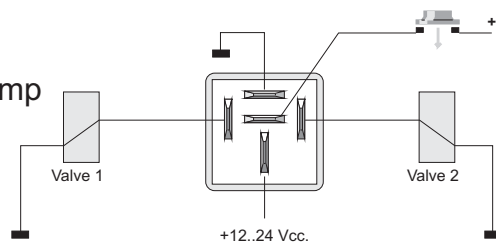

593060

593060  
Delay timer  
works off  
batteries

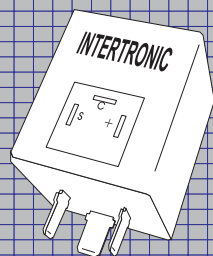

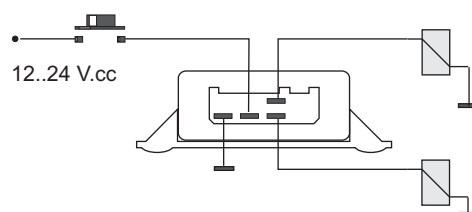

202051-2A

202051-2A  
Tilt for opening  
and closing the doors 2Amp

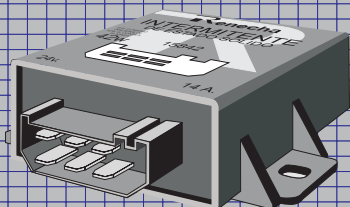

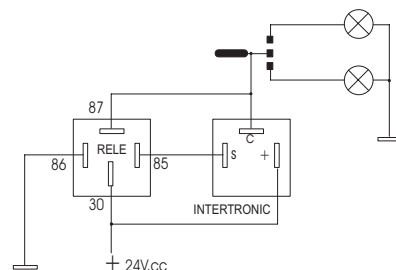

592061

592061  
Tilt for opening  
and closing the doors.  
Compatible with the  
rest of the brands

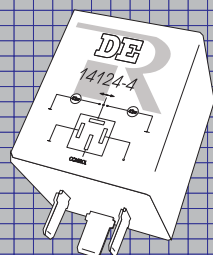

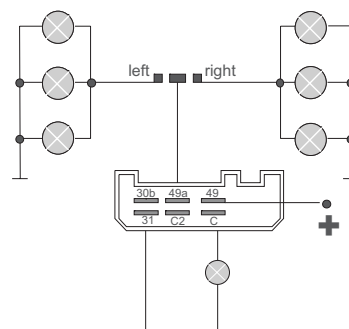

14118

14118  
Intertronic. Makes  
any act as relay  
an intermittent. Ideal for  
large consumption

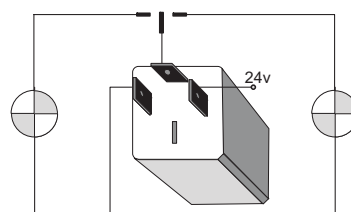

15842

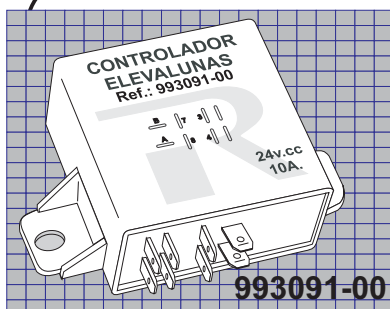

15842  
Intermittent. Compatible  
with the rest of the brands

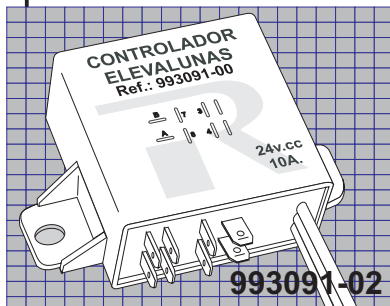

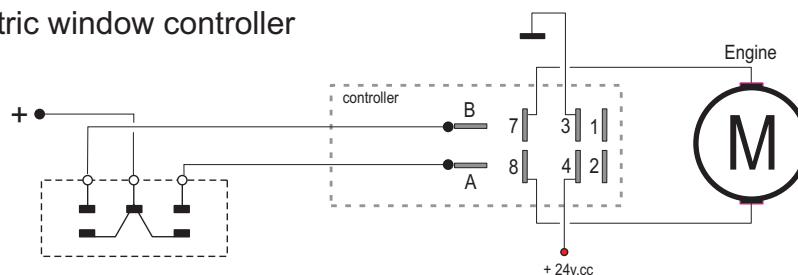

14124

15842  
Intermittent. Compatible  
with the rest of the brands

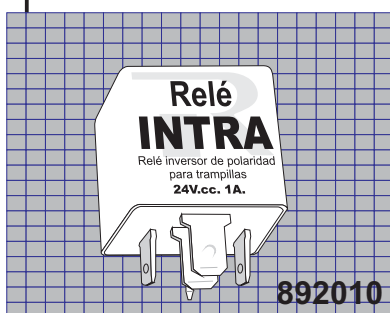

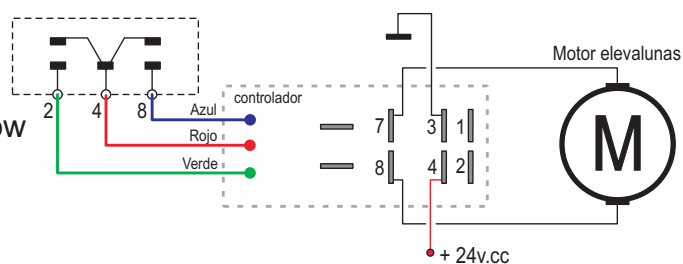

993091-00  
Electric window controller

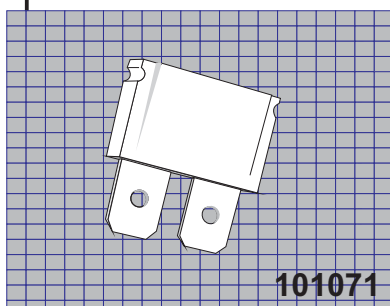

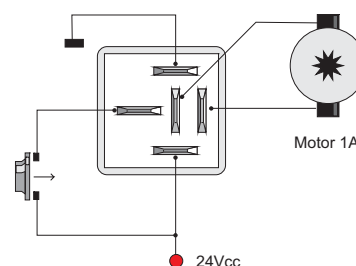

993091-02

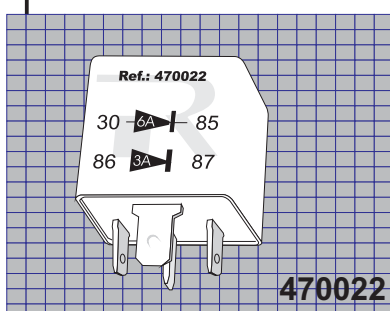

Electric window controller by connector to push button

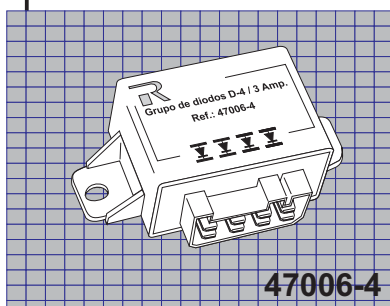

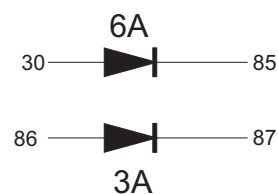

892010  
Inverter for electric motor rotation (1 Amp)

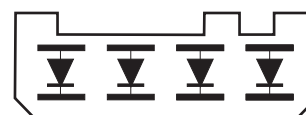

101071  
3A Diode

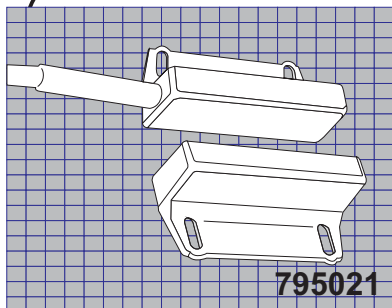

470022  
Group two diodes 6 + 3 Amp

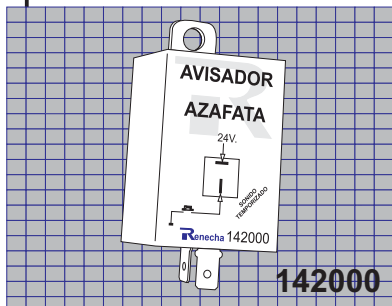

47006-4  
Group 4 diodes 3 Amp.

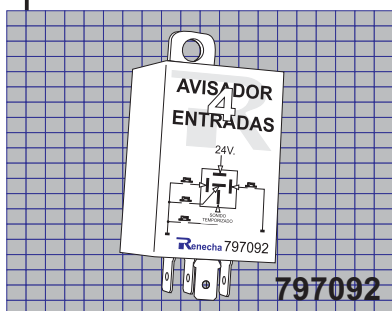

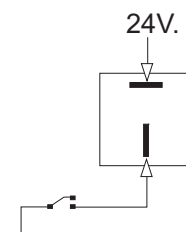

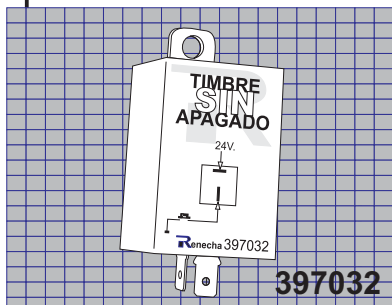

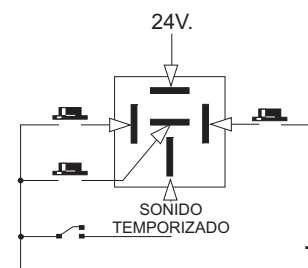

**795021**  
Magnet switch (End doors and step round trip)

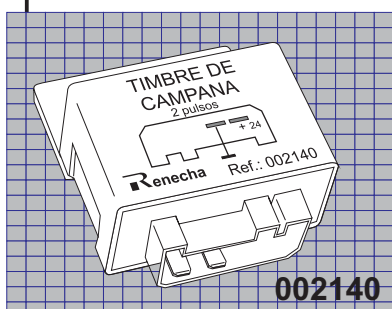

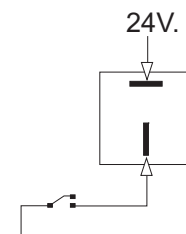

**142000**  
4sec timed warning.  
Applies Stop Requested  
Call or Azafata. Works  
with switch.

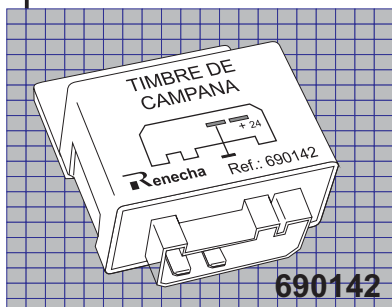

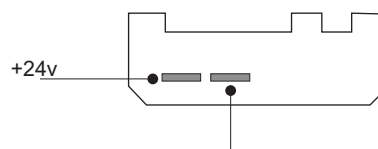

**797092**  
Timing device with a sound  
and three permanent while fed.  
Entries include diodes.

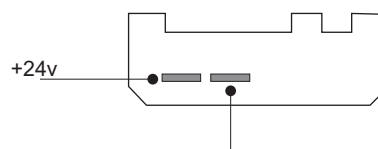

**397032**  
Warning sound permanent  
while connected

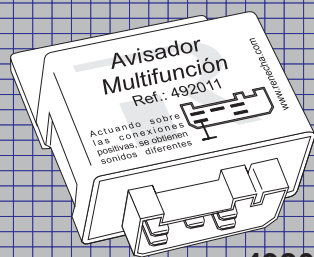

**002140**  
Sound warning bell  
Strike the bell twice

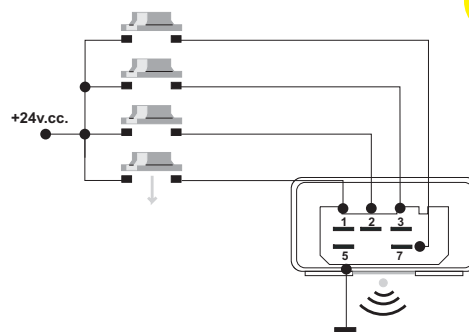

**690142**  
Sound warning bell  
Hit indefinitely

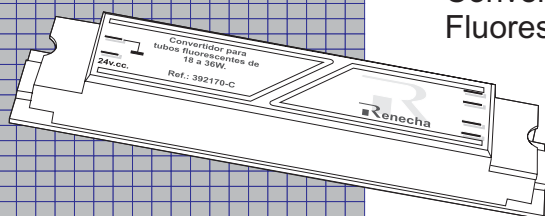

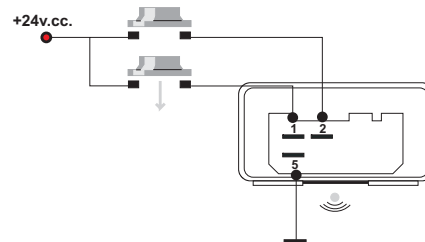

**492011**

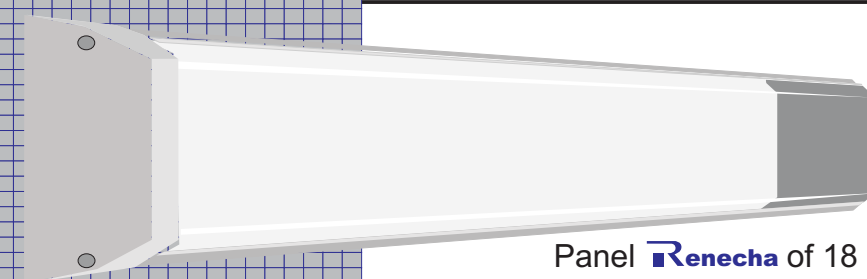

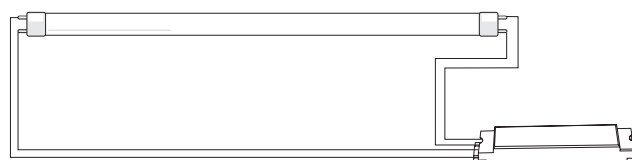

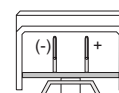

492011  
Device with multiple  
sounds different

**597012**

597012  
2 sound warnings

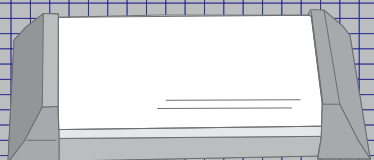

**392170C**

392170C  
Converter for power  
Fluorescent tubes of 18 and 36W

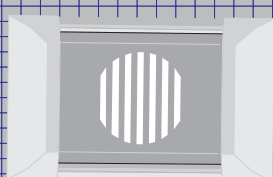

See page panel

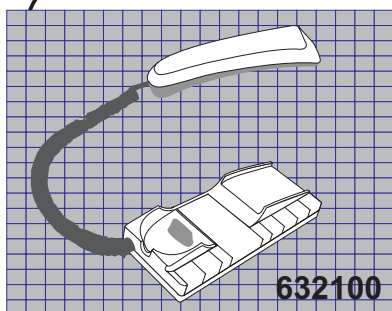

Panel **Renecha** of 18 or 36W, 1 or 2 tubes with ballast

**302041**

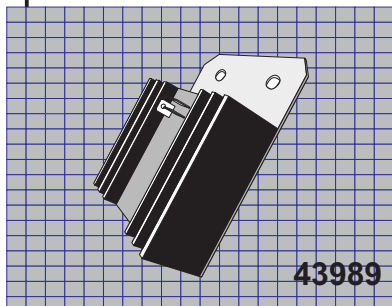

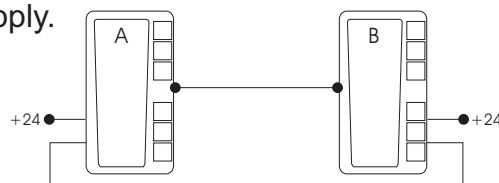

302041  
Mini wall with two converter tubes 6w  
more shadowy light. (Not including tubes)

**2035116**

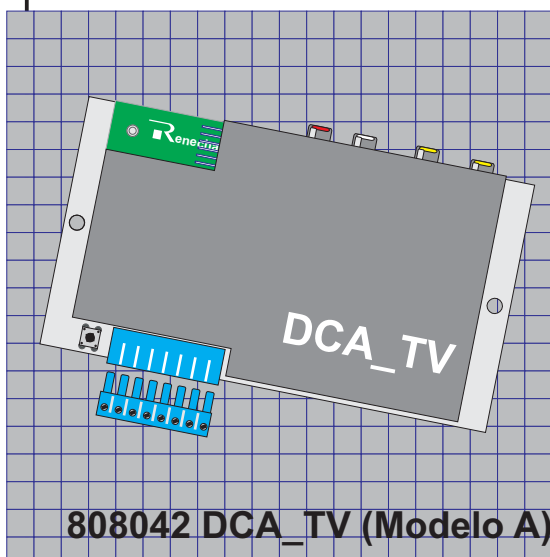

2035116  
speaker box for coaches

**632100**  
Set of 2 telephone.  
To pick up sounds contrast automatically  
Only 1 cable + power supply.

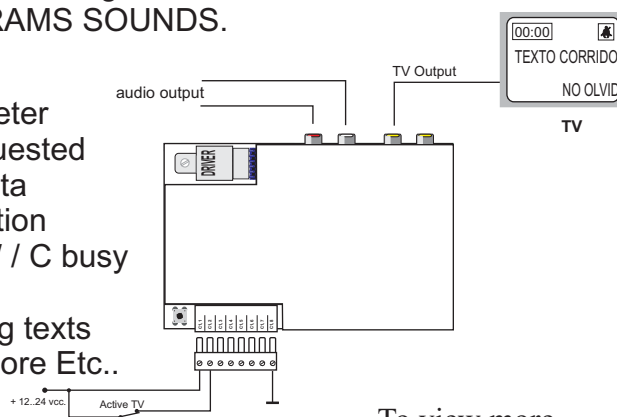

**43989**  
Voltage limiter ALTERNATOR  
Fits all models. Disconnect  
connecting the old and new.  
If the load changes from 32 volts, the alternator short.  
Be revised periodically, as it is  
which protects all electronic elements

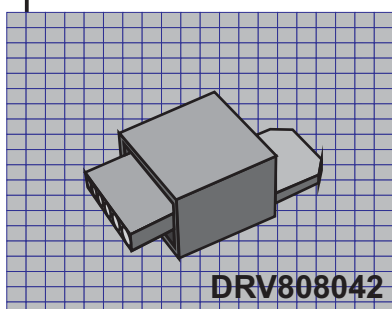

**808042 DCA\_TV MA**  
A complete device that represents the  
Autocar TV a range of texts,  
PICTOGRAMS SOUNDS.

Clock  
Thermometer  
Stop Requested  
Call Azafata  
Ramp motion  
Service W / C busy  
Seatbelt  
Advertising texts  
Sounds more Etc..
